Hi Scott,

We have completed our review of the FS. Pursuant to Paragraph 41(b), of the AOC, EPA conditionally approves the June 2020 FS (see attached approval letter). EPA's approval is conditioned upon PPG's incorporation of the attached comments from the EPA mark-up of each document into the respective final reports.

Due to the size of these files, they will be sent in two separate emails. Please confirm that you received both emails. The attachments in this email include conditional approval letter, redline FS, response to comments, revised tables zip, and a zip with edits to appendices A and B. Email 2 will include corrections needed for the figures.

As a reminder, PPG has 7 days to review and provide EPA a final version of the documents for review and approval. We appreciate your cooperation and we look forward to continuing to work with you in this cooperative manner. Let me know if you have any questions.

Thanks,

Josh
